

Web Designer Full-Time

We are looking for a talented web designer with proven commercial experience and who lives and breathes digital to join a top, office based, web design and application development team for an immediate start.

Experience in a web design agency (or in a freelance capacity) will be very helpful since you will be hitting the ground running working on several live client projects.

Attention to detail and great communication skills are a must since the role requires team work as well as interacting with a variety of clients.

Dentons' web department is a fast growing and busy agency located in a state-of-the-art facility with a tech-savy web team who love what they do.

As part of Dentons Directories Ltd, you'll be joining a great company to work for and as a member of the web department, you be instrumental in all areas of digital marketing activities including design, development, hosting, domain management, CMS customisation and SEO.

Please note, this is a full-time, office based position with salary dependent on skill level and referenced experience.

Skills

Essential

- Proven web design experience – example portfolio would be an advantage
- Proficiency in Photoshop, Illustrator or other visual design and wire-framing tools
- Ability to code HTML and CSS
- HTML5, CSS3, JQuery, responsive web design
- Fluency with JavaScript & JQuery
- Experience working with major content management systems
- Up-to-date with the latest Web trends, techniques and technologies

Valuable

- Experience with Social Media APIs and Google products
- Good understanding of PHP and MySQL

Preferred

- WordPress, WooCommerce, Magento, domain and web hosting protocols
- Understanding of current SEO best practise and PHP coding / debugging

If this role is you please get in touch – forward your CV to info@dentonscreative.com or call Dentons on 01373 822224 and ask to speak to Mutamba.
